Table Rock receives USDA Grant for Fire Truck

(KLZA) The Table Rock Community Foundation has been awarded \$33,000 in federal funding to purchase a new grass fire truck.

Agriculture Secretary Tom Vilsack announced Thursday more than \$5 million in funding to support 127 projects in 25 states and the Commonwealth of Puerto Rico through USDA Rural Development's Community Facilities Program.

Nebraska is the recipient of nearly \$389,000.

The program provides loans and grants for essential community facilities for public use in rural areas. These facilities include child care centers, hospitals, medical clinics, assisted-living facilities, fire and rescue stations, police stations, community centers, public buildings and transportation.

The funds are available to public bodies, non-profit organizations and federally recognized Indian tribes.
