Attempted Contract Killing Suspect to Undergo Evaluation

(KAIR) -- The Jefferson County woman accused of attempting to set up a contract killing will undergo a competency evaluation.

A Jefferson County Judge recently ordered Rebecca Burch to get the evaluation at Larned State Hospital.

The 42-year-old was arrested in late May by the Jefferson County Sheriff's office.

The department received information that Burch was allegedly attempting to solicit someone to kill her ex-boyfriend.

After sending an undercover agent in from an outside agency, Burch allegedly offered money to the agent to kill the ex-boyfriend, which led to her arrest.

Burch faces a charge of solicitation of first degree murder.
