

Three Arrested After Monday Search in Table Rock

(KTNC) -- Three people were arrested after authorities say they found drugs and drug paraphernalia during a search of a Table Rock residence earlier this week.

Officers with the Pawnee County Sheriff's Department and the Nebraska State Patrol Special Operations Unit executed the search warrant at 410 State Street in Table Rock early Monday morning.

The Pawnee County Sheriff's Department says several items of drug paraphernalia were discovered during the search, which contained residue of what is believed to be methamphetamine and marijuana. Authorities say they also found prescription drugs in the home, without a prescription, within access of the individuals at the home.

Arrested following the search were Jeffery Gaston, Andrea Gaston, and Carrie Blank – all of Table Rock.

Bond hearings were held for all three on Thursday morning. Pawnee County Attorney Jennifer Stehlik-Ladman said Thursday afternoon she didn't immediately know whether they had posted bond.

Stehlik-Ladman says formal charges will be filed against the three before their next court appearance, which is scheduled for Thursday, January 16 in Pawnee County Court.
