Highway 36 Eastbound Blocked at I-29

(KLZA) -- According to the Missouri Department of Transportation, an overturned vehicle is blocking U.S. Highway 36 eastbound at Interstate 29.

A truck has overturned and its cargo is blocking all lanes of traffic. All traffic must exit onto I-29 southbound. The diversion of traffic is causing a backup of traffic on I-29, as well. The incident may take several hours to clear and motorists should seek an alternate route.
