Nebraska Man Charged Following 3-State Chase

MARYVILLE, Mo. (AP) - A Nebraska man is charged in Missouri after a police chase that wound through parts of three states before ending in northwest Missouri.

Nodaway County Prosecuting Attorney Robert Rice on Tuesday charged 37-year-old Neal Alan Ulfers, of Lincoln, Nebraska, with tampering and resisting arrest, both felonies.

Ulfers was arrested Monday after the chase ended in Maryville. He is accused of stealing a pickup truck from the University of Nebraska-Lincoln, and eluding officers in southwest Iowa before entering northwest Missouri. Investigators say the chase reached speeds up to 80 mph, and Ulfers sometimes drove the wrong direction on highways, two-lane blacktops and gravel roads.

The Maryville Daily Forum reports Ulfers was finally forced off the road by a state trooper.
