Troy Man Reappointed to State Ag Board

A Troy man has been re-appointed to the State Board of Agriculture by Governor Brownback.

Thad Geiger was re-appointed Friday to a four-year term.

Geiger is the vice president and director of the Troy State Bank.

The State Board of Agriculture reviews and makes recommendations on the Department of Agriculture's legislative initiatives and proposed rules and regulations.

The governor appoints nine members to the board. No more than five can be from the same political party and each congressional district must be represented. All members serve a four-year term.
