Man Found on Bridge Killed by Semi

(KNZA)--The Missouri State Highway Patrol says a man found earlier this week on a bridge near St. Joseph was killed by a semi truck.

Troopers say 36-year-old William Dau, of St. Joseph, was walking in the westbound lanes of Highway 36 when he was hit by a semi truck driven by 60-year-old Mark Conn, of Albany.

Dau's body was found on the Platte River Bridge just east of St. Joseph on Tuesday morning.

Authorities say no charges will be filed.
