Elderly Man Dies Following Otoe County Wreck

LINCOLN, Neb. (AP) - An 85-year-old man involved in a two-vehicle crash in Otoe County in July has died from his injuries.

Otoe County Chief Deputy Mike Holland says John Stevenson, of Holdrege, died Monday at a Lincoln hospital.

The Lincoln Journal Star reports Stevenson was driving a car on July 10 near Syracuse when his vehicle collided with another car. Authorities say Stevenson failed to yield to the other car.

Stevenson had been hospitalized since the crash. His wife, who was a passenger in the car, remains hospitalized in fair condition.

The driver of the other vehicle was also hospitalized but has since been released.
