## NE KS Lottery Ticket Hits Jackpot

(MSC News)--A \$1.8 million dollar winner could be in the local area.

That word from the Kansas Lottery after one Super Kansas Cash Ticket, sold in northeast Kansas, hit the jackpot during Monday's drawing.

That includes the local counties of Atchison, Brown, Doniphan, Marshall, Nemaha, Jackson, Jefferson, Leavenworth and Pottawatomie.

The winning numbers are 1-2-18-20-25 Super Cashball 15.

Super Kansas Cash wasn't the only game to produce big winners in Monday night's drawings. In the August 3rd 2by2 drawing, one ticket matched both Red numbers 14 and 17 and both White numbers 4 and 19 to win \$22,000. That ticket was also sold in northeast Kansas.

Players have 365 days from the date of the drawing to claim winning tickets in Super Kansas Cash, 2by2 and related games.
