Hiawatha RR Track Work Underway Friday

(KNZA)--Hiawatha motorists are given a heads up regarding a change for regular travel Friday afternoon.

That's because repair work is being conducted on the railroad tracks on Oregon Street, according to a text alert issued by the City late Friday morning.

That means the crossing will be closed to traffic until around 4:00 in the afternoon.

Motorists much use an alternate route while the work is being conducted.
