Funny Money Lands One In Jail

(KAIR)--Counterfeit cash passed in Atchison this week leads to one arrest.

Atchison Police Chief Mike Wilson says the police probe led investigators to 27-year-old Jessica Mottin. "We had several counterfeit bills that were passed at a local convenience store on Monday," Wilson tells MSC News. "That investigation led us to Mottin, who was taken into custody on Tuesday on a state charge of false information."

Mottin also faces a charge of theft. She was arrested in the 900 Block of Santa Fe.

Wilson says this is only the most recent case involving counterfeit money in the city. "We do have a number of counterfeit investigations ongoing."

As of last check, Mottin, a resident of Atchison, remained in custody at the Atchison County Jail.
