## Nemaha Co Commission Accepts Insurance Proposal

(KMZA)--The Nemaha County Commission has accepted a proposal for the county's insurance coverage for 2016-2017.

After reviewing proposals Monday, the Commission agreed to renew it's policy with SBS Insurance Agency, of Seneca, for property, liability, and worker's compensation insurance coverage, with a total premium of \$125,625. That's nearly \$58,000 lower than the current premium. The policy year begins in July.

Two other proposals were received. KCAMP submitted a bid of \$78,890 for property/liability insurance and KWORCC submitted a bid of \$35,514 for worker's compensation insurance.

In other business, the Commission received two additional budget requests for 2017.

Nemaha County Community Health Services submitted a request for \$60,000, which is a \$2,000 increase over this year.

Kanza Mental Health and Guidance Center submitted a request for \$60,187, which is the same as what the organization received this year.

The Commission will consider the requests when working on the 2017 county budget.
