

Auburn Elementary Student Honored

**(KLZA)-- An Auburn Elementary Student is one of 27 state merit winners across the United States in the Discovery Education 3M Young Scientist Challenge.**

**Calvert Elementary School 5th grader Sharvil Kaware has been named the Nebraska merit winner in the nation's premier science competition for students in grades 5-8. Kaware was chosen for developing a solution to an everyday problem that could ultimately reshape the way we live our lives.**

**Each January students across the country are asked to create a short video describing a new invention or solution that could solve or impact an everyday problem. Kaware rose to the top out of hundreds of submissions.**

**The 10-year old budding scientist is being recognized for his project on Anti-slip Footwear using Carbon Nanofibers.**

**Kaware will receive special recognition on the challenge website, [youngscientistchallenge.com](http://youngscientistchallenge.com) and a technology prize pack.**
