

\$2M NEK Winner in Mega Millions Drawing

(MSC News)--Check your ticket, someone is holding a Mega Millions ticket in northeast Kansas that will make them a millionaire times two.

The Kansas Lottery says one ticket sold in northeast Kansas matched the first five numbers, but not the Megaball, in the July 8 drawing. Because the lucky ticket also has the Megaplier option, the normal \$1,000,000 “Match 5” prize was multiplied by two, to make the ticket worth \$2,000,000.

Another ticket, also sold in northeast Kansas, matched four of the first five numbers plus the Megaball, to win \$5,000.

The winning numbers in the July 8 Mega Millions drawing are: 08-19-20-55-73 Megaball 05.

A ticket sold in Indiana matched all numbers in the July 8 drawing to capture the third largest Mega Millions jackpot in history – an estimated \$540 million, with a cash option of \$381 million.
