

Auburn Business Receives Award From Congressman Smith

(KLZA)-- Nebraska Third District Congressman Adrian Smith recently presented the prestigious Excellence in Economic Development Awards for 2016.

Brent Comstock of Auburn was among those honored.

Comstock started B-Com Solutions while he was attending Middle School in Auburn. It is not headquartered in an Auburn storefront.

Comstock has grown the business to include computer repairs, I.T. management, software development and web design. He encourages staff members to give back to the community through volunteering and non-profit work. He also donates money in design and digital marketing services to non-profits as well as free workshops and consultations for businesses.

Congressman Smith says businesses such as B-Com Solutions are key to assuring a strong economic future for Nebraskans and they deserve thanks for their commitment to growing opportunity in Nebraska's Third District.
