Lightning Strike Means Troubles for Local Radio

**(MSC News)--A Tuesday afternoon lighting strike is being blamed for technical issues being experienced by the family of radio stations that comprise Many Signals Communications.**

**That includes KNZA 103.9 FM, KMZA 92.1 FM and Sunny 101.3 FM.**

**Repair work is underway, with disruptions likely as that effort advances.**

**Listeners are reminded to utilize the available online streaming service, available [here](#).**

**A free streaming app is also available for your phone, or other device, in both the Apple and Android stores.**

**We will also keep you up to date with any developments right here on [mscnews.net](http://www.mscnews.net).**
