(KLZA)-- A trip to the hospital for a Falls City couple following a Sunday morning wreck.

50-year-old Brad Campbell and his 49-year-old wife, Jennifer, suffered what are described as non-disabling injuries in the Falls City crash that happened in the 1500 block of Harlan Street.

According to the Falls City Police report, Brad Campbell was driving a motorcycle with his wife riding on the back. Entering Harlan Street from the west, the motorcycle proceeded south. It was then that 82-year-old Margaret Jones, of Falls City, driving from the Post Office mailbox on the east side of Harlan Street, made a U-Turn, causing the car and motorcycle to sideswipe each other.

Jones was not hurt, but the Campbells sought treatment at Community Medical Center in Falls City.
