Advance Voting Underway In Atchison Co

(KAIR)--Advance voting is underway in Atchison County.

Atchison County Clerk Pauline Lee says that can be done during weekday hours, at her office in the Courthouse, from now until noon, November 7.

Lee says a first ever for Atchison County is also underway, as satellite voting locations are being offered.

On Friday, advance ballots can be cast at the Effingham Municipal Blue Building, from 9:00 that morning until 2:00 that afternoon.

Lee reminds those who are voting that valid identification is required.

Numerous races will be decided during the general election, which is held November 8.
