

Richardson County Commissioners Hear Road Proposal

(KLZA)-- Richardson County Commissioners discussed the condition of 710 Road west of Highway 73 with Jim Balke of Dawson Ag Service during their December 13th meeting.

Bahlke suggested moving the portion of the gravel road running along the Nemaha River due to the river banks approaching the road right of way.

No decisions were made. Highway Superintendent Scott Huppert was present at the meeting.

Commissioners also met with Richardson County Public Defender William VonSeggern to review his claim submitted for reimbursement for expenses incurred during a recent trial.

No decision was made on the claim during the meeting.
