

Mound City Aldermen Approve Projects

(KLZA)-- The Mound City Board of Aldermen approved several projects when they met June 8.

Three bids were opened for retaining walls and a sidewalk at City Hall. The project includes removal and disposal of the existing wall and dirt, building concrete block walls on the north and west sides of the building, turf repair and replacing the sidewalk.

The bid was awarded to Mann's Lawn and Landscape in an amount of \$154,600. It was the low bid submitted. Aldermen did not approve an optional component of replacing the existing stairs.

Aldermen voted to allow the Mound City School to place a new sidewalk along Nebraska Street closer to the street than the existing sidewalk.

Hall Construction was awarded an \$800 bid for a 2-inch manhole riser at 8th and Main and a contract for grading and adding a tube at the east end of Second Street in an amount of just over \$3,100
