

Luminaries event planned in Horton

(KNZA)--The South Brown County Ministerial Association will hold the 27th presentation of the Christmas Luminaries in Horton Sunday evening, December 3rd.

The event, which will take place from 5:30 to 7:30, transforms 10 city blocks into living dramatic scenes depicting the life of Jesus Christ.

Members of the association's churches participate in the scenes as biblical characters. Live animals, props, costumes and music add to the experience, and the route's atmosphere is enhanced by 13-hundred glowing candles that guide visitors from scene to scene.

The route begins at 15th and Central Avenue.

Shuttle buses have been added to help with traffic flow. They may be boarded at no charge at Jim's Thriftway.

A freewill donation may be given at the end of the route to support the outreach of the ministerial association.
