

Jackson Co wreck sends one to hospital

(KNZA)--A single-vehicle Sunday afternoon Jackson County rollover wreck sent a Horton woman to the hospital.

The Kansas Highway Patrol says 24-year-old Raina Koelliker was westbound on K-9, west of O Road, when she lost control of her SUV which ran off the road into an embankment. The vehicle rolled multiple times, coming to rest on its top.

Koelliker, who was not wearing a seatbelt, was transported to the Holton Community Hospital with what the Patrol described as possible injuries.

The Patrol report indicates a passenger, 16-year-old Horton resident Alvana Christmas, suffered possible injuries but was not transported for hospitalized treatment.

Two other Horton passengers, three-month-old Fannoch Koelliker and two-year-old Alexandar Erbes, were not hurt.

The wreck was reported shortly before 2:50 Sunday afternoon.
