Kansas Soybean Commission Requests Proposals

The Kansas Soybean Commission (KSC) is requesting research and education proposals for its fiscal year 2020, which begins July 1, 2019. Proposals are due Oct. 15, and an individual may be listed as the principal investigator or educator on only one. The commissioners will review ideas for breeding, production and environmental programs; animal- and human-nutrition or food-safety studies; commercially significant, value-added projects that will use large quantities of soybeans; and domestic or international marketing and transportation programs.

More information about KSC's priorities, complete instructions and application forms are available at <http://KansasSoybeans.org/forms> on the web or by calling the Kansas Soybean office at 877-KS-SOYBEAN (877-577-6923). Proposers who gain preliminary approval from the commissioners will make formal presentations Nov. 29-Dec. 1 in Topeka or via teleconferencing.

The three-day funding meeting will begin at 8 a.m. each day. The commissioners also will discuss current projects, market-development activities, educational programs and administrative items. To obtain a complete agenda or to suggest additional topics for deliberation, contact KSC Administrator Kenlon Johannes at johannes@kansassoybeans.org or at the office.
