

USD 115 to add middle school wrestling  
**(KMZA)--A wrestling program will be added at the Nemaha Central Middle School beginning next school year.**

**The USD 115 Board of Education voted to add the sport when they meet last week.**

**Board members were reluctant to bring the program back to the high school after student surveys didn't show much interest, and instead opted to try it at the middle school.**

**It was noted that every other Big 7 school, except Hiawatha, competes in wrestling.**

**In other action, the Board approved fees for next school year.**

**Breakfast and lunch prices will increase 10 cents across the board, but all other fees will remain the same.**
