Doniphan Co bridge project selected for funding

**(KNZA)--A Doniphan County bridge replacement project has been selected for funding through the Kansas Department of Transportation.**

**The Doniphan County Commission learned this week that KDOT has approved \$200,000 in funding through the Local Bridge Improvement Program for the replacement of a bridge northeast of Severance.**

**Doniphan County was among twenty-seven counties that were selected for a funding through the program, which was reinstated by KDOT this summer.**

**A combined total of \$5 million was awarded under the program.**

**A total of 86 applications from 70 local public agencies were received with requests for more than \$14 million in funds.**

**The program targets bridges that are 20 to 50 feet in length and a daily vehicle count of less than 100.**
