

Pawnee City Council selects architect for fire hall

(KLZA)-- The Pawnee City Council approved a proposal from JEO of Lincoln to provide architectural services for the new Fire Station Project.

JEO will be paid approximately \$60-thousand for the work.

Deb Niss with the Pawnee City Pride Committee updated the Council on their work. The Pride Committee has sent letters to properties identified as nuisances. The buildings, including houses can be repaired and brought up to code or they will be turned over to the Health Board to determine if the properties should be condemned.

The Council also approved a resolution to make it two-hour parking in the business district on G Street from 6th to 7th and on the north side of 6th Street from F to G Streets.

It was also noted that Miracle Mudjackers are going to finish filling in the small voids found beneath the swimming pool and will remove, clean and replace all joint caulking on the pool.
