Atchison Co reports 4th COVID-related death

(KAIR)--Atchison County is reporting its 4th Covid-19 related death.

According to the Atchison County health department's Facebook page, the individual was a female in her 70's.

On Friday, the health department reported that six county residents remained hospitalized with Covid-19, and that there were 44 active cases in the county.

A total of 366 county residents have tested positive for Covid-19 since the pandemic began in March.

The health department reminds residents to call your healthcare provider if you have any signs of Covid-19.
