

NEKS Powerball player wins big

(KAIR)--A Northeast Kansas Powerball player is \$50,000 richer, having correctly matched four numbers and the Powerball to win the prize on Saturday.

According to a release from the Kansas Lottery, the win is the second of that amount won in Kansas in January alone, and is the eighth time the prize has been won in the state since mid-November.

According to the release, the as-yet unknown player, in the December 16 game, picked the numbers 14-20-39-65-67 Powerball 2 and PowerPlay 3X for the win.

Because it's known the player is from Northeast Kansas, that could mean they reside in such local counties as Atchison, Brown, Doniphan, Jackson, Jefferson, Leavenworth, Marshall, Nemaha, and Pottawatomie.
