Syracuse man sentenced to additional prison time

(KLZA)-- A 28-year-old Syracuse man will serve additional time in prison following his sentencing Monday.

Johnson County Attorney Richards Smith said in a news release that Dylan Boyle was sentenced to an additional two years, on a prison sentence he is currently serving for drug convictions in Otoe County.

The new charges stem from a March, 17, 2020 stop by the Johnson County sheriff's Office. During the stop, deputies found methamphetamine, a portable scale, and other drug paraphernalia in Boyle's car.

District Judge Rick Schreiner added the two year to a sentence that had been scheduled to end in August of 2021.
