Wamego man convicted of second fentanyl-related death

(KMZA)--A Wamego man has been convicted of a second fentanyl-related death.

According to court documents, a Pottawatomie County jury Wednesday found 22-year-old McKaine Farr guilty of distribution of a controlled substance causing death.

He was convicted of distributing fentanyl to a Manhattan man last March, causing his death.

A jury convicted Farr of the same charge in December of last year in the September 2021 death of Jayson Ebert, of Wamego.

Farr was sentenced in January to more than 13 years prison for that conviction.

He is scheduled to be sentenced April 18th for the latest conviction.
