Brown County Appraiser's Office At Work

Data collectors, for the Brown County Appraiser's Office, are on the job this week, and residents are told in advance to be aware of the workers.

According to County Appraiser Paula Jones, the collectors, throughout the spring and summer, will be in a small portion of Hiawatha, the Robinson and Everest areas, and and the east and southeast sections of the County.

Official data collectors will be driving a county vehicle and wearing an I.D. Badge.
