Model T's To Tour Seneca

Model T's on tour will come to the local area Thursday, as nearly 20 of the classic vehicles, carrying around 40 members of a regional car club, are expected in Seneca.

As part of their "Prairie Band Tour," the members of Kansas City's Chuggers Model T club plans a stop at Saint Mary's Church in Saint Benedict, around 11:00 Thursday morning.

Following lunch, the club members will tour the Seneca community, with their classic cars parked along Main Street to allow local residents to view the Model T's up close.

The members of the club, formed in 1976, are hoping to meet with local residents, while showing off their beloved car collection.
