Atchison County Missouri Bridge Replacement Project

The Missouri Department of Transportation has announced Atchison County MO 46 will be closing on Monday, May 14th at the Hickory Creek bridge, located approximately one and one-half mile east of Route N. The bridge will be closed for a bridge replacement project for six to eight weeks.

The bridge will be replaced under the Missouri Safe & Sound Bridge Program which will replace 15 bridges in Atchison County by the end of this year. Thirteen of these bridge projects have been completed.
