Centralia Daycare Heads To Reality

With strong support shown for needed daycare in the City of Centralia, the school district moves forward with plans to open such a facility in the community.

John Whetzal, Principal of the Centralia Schools, says a location is now secured, as the planning process progresses(Play Audio)

Whetzal says USD 380's exploration of the need for the daycare has been met with a strong, positive response(Play Audio)

When the facility opens, the youngest of children will not be accepted; however, Whetzal says, based on demand, that could change in the future(Play Audio)

The opening is currently set for August 1st, with the daycare to be open 12 months out of the year.

The center's license allows for the care of 59 children at the facility.
