Atchison to get KLINK Funding for K-7

(KAIR) -- Thirty-five projects totaling \$11.7 million in overall cost and \$6.3 million in state funds have been selected for funding under the Kansas Department of Transportation's 2014 city connecting links (KLINK) resurfacing program.

Through the Local Partnership Program, the state's participation in the cost of the project is 75 percent for cities with a population of less than 10,000 or 50 percent for cities with a population of 10,000 or greater, up to a maximum of \$200,000.

In our region, Atchison will receive mill, overlay and marking on Kansas highway seven from the 10th and Main Street intersection to the north city limits.

In Leavenworth, U.S. 73 from Walnut Street to Shawnee Street and from Pottawatomie Street to Cheyenne Street and K-92 from Sixth Avenue to Central Avenue will receive mill and overlay work.
