Nebraska Highway 2 Work Planned for Next Week

(KLZA) Weather permitting, a chip seal shoulder project will begin August 21st on Nebraska Highway 2, according to the Nebraska Department of Roads. Chip seal is an application of an asphalt binder to a roadway surface followed by an aggregate.

State maintenance forces will be doing a chip seal on the shoulders from from Lincoln to three miles east of Syracuse. The work is

anticipated to take 13 days. The work done on the shoulders will have adjacent lane restrictions using an arrow board.

Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
