IRS Offers Free Tax Filing

(KNZA)--It's tax time, and filing means many options: from doing it yourself to hiring a professional.

Either way, time and money, are involved. However, the Internal Revenue Service, partnering with 15 reputable companies, is offering free online filing assistance.

IRS spokesman Michael Devine says those who make under \$57,000 annually have the best options when using the Free File system, accessed through irs.gov.

Here are the links to utilize the service:
