April 12-14 Kaw Area Watershed Council Spring Meeting
31st Annual Meeting Kaw Area Watershed Spring Gathering April 12-14, "Prairie Roots: Thinking Like a Prairie"

Kansas Area Watershed Council's 31st Annual Spring Gathering takes place this April 12-14 at Camp Hammond, located between Lawrence and Topeka
(see <http://kawcouncil.wordpress.com/prairie-roots/> for registration and more information.

This year's event, which is a family-friendly event open to all, draws inspiration from the prairie itself and focuses on the diversity, resilience and vulnerabilities of our prairie bioregion and what it means to live amongst great changes in our landscapes and in our lives. The prairie, when threatened by drought or other challenges, digs its roots deeper to find greater replenishment in the earth.
