Atchison Co Approves Energy Study for Courthouse

(KAIR) -- An energy audit will take place in an effort to search for cost savings in the historic Atchison County Courthouse, as well as the law enforcement center.

Atchison County Commissioners approved the audit Wednesday, which will be conducted by 360 Energy Solutions, who has previously developed cost saving suggestions for Maur Hill Mount Academy and Atchison Senior Village.

That's Commissioner Jeff Schuele.

He says the audit will be done at no cost and will take two to three months to complete.
