

Westar Energy Invites Youths to Turkey Hunts

Westar Energy invites youths to turkey hunts at JEC.

Green Team volunteers will assist youths 12-17.

Topeka, Kan., Feb. 20, 2014 — Westar Energy is inviting eligible youths to their spring turkey hunt, April 1-20, 2014, at Jeffrey Energy Center, located seven miles north of St. Marys. The event is open to 12 to 17 year olds who have not harvested a turkey. The project is supported by Westar Energy Green Team volunteers who are veteran hunters available to assist the youths and their mentors.

Youths must be accompanied by an adult mentor, preferably one who does not have turkey hunting experience. These trips will take place in enclosed blinds around small crop fields scattered through the plant's property, where turkeys are abundant.

Youths 12-17 years old are eligible. A shotgun, but no special clothing, calls or decoys, is needed. Hunters 15 years and younger will need to purchase a "youth spring turkey permit." Hunters 16 years and older will need to a unit three turkey permit, a hunting license and a hunter's safety certificate.

Hunts will take place primarily in the mornings and on weekends, but weekdays and afternoons are possible based on volunteer guide availability. Registration will be open through Friday, March 14, or until all slots are filled. Applications will be accepted on a first-come, first- served basis with preference for inexperienced mentors. Please contact Barb Cornelius at 785- 575-8125 to apply or for more information.

The Westar Energy Green Team is a group of employees and retiree volunteers that takes on environmental projects across Kansas. The group completes between 50 and 70 projects per year on weekends and evenings. The Green Team also collaborates with conservation groups, agencies and schools in enhancing and fostering an understanding of the Kansas environment.- 30 -

Westar Energy, Inc. (NYSE: WR) is Kansas' largest electric utility. For more than a century, we have provided Kansans the safe, reliable electricity needed to power their businesses and homes. Every day our team of professionals takes on projects to generate and deliver electricity, protect the environment and provide excellent service to our nearly 700,000 customers. Westar has 7,200 MW of electric generation capacity fueled by coal, uranium, natural gas, wind and landfill gas. We are also a leader in electric transmission in Kansas. Our innovative customer service programs include mobile-enabled customer care, a smart meter pilot project and paving the way for electric vehicle adoption. Our employees live, volunteer and work in the communities we serve.
