Bridge Work To Begin South Of Humboldt

(KLZA)-- Weather permitting, The Nebraska Department of Roads says work is scheduled to begin the week of June 13 on the Big Nemaha River bridge located on Highway 105 on the south edge of Humboldt.

A.M. Cohron & Son, Inc., of Atlantic, Iowa, has the more than \$999,277 contract. Work includes removing the existing deck and approach slabs and pouring a new concrete deck, bridge rail and approach slabs.

Beginning on June 13, Highway 105 will be closed and traffic will follow a marked detour.

The project is anticipated to be completed in the fall.

Motorists are reminded to drive cautiously through construction zones and watch for signs and detour routes.
