

Buy Permits and More Through MDC Free Fishing App

The Missouri Department of Conservation (MDC) announces a name change and new features to its free fishing app. With the updated app, previously named Find MO Fish and now called MO Fishing, users can:

- Buy, save, and show permits right from their mobile devices.
- Access a database of more than 950 public places to fish.
- See what selected bodies of water offer, such as boat ramps, docks, parking lots, fish-attractor structures, restrooms, and other amenities.
- View detailed maps of more than 4,000 fish-attractor locations for selected bodies of water.
- Read annual fishing prospects and weekly fishing reports for many bodies of water.
- Use the app's Fish Guide to help identify the catch of the day.
- Get information on fishing regulations, seasons, catch limits, and more.

Download MO Fishing through Google Play for Android devices or the App Store for Apple devices. Get more info on MO Fishing online at mdc.mo.gov/contact-engage/mobile-apps/mo-fishing.
