High Tunnel Production Economics Webinar

Saturday, December 10, 2 pm - 3 pm

High Tunnel Production Practices Webinar

Join KRC staff member, organic farmer and high tunnel specialist, Tom Buller, for an hour-long webinar on high tunnel production practices.

This webinar will cover general management practices commonly used in high tunnel production of various crops, and will focus in on some crop specific management strategies. This will be a somewhat introductory talk, but experienced growers might learn a thing or two, as well!
