

Grant Will Aid Improvements at Brownville Concert Hall

(KLZA)-- Major improvements will be made to the Brownville Concert Hall thanks to a \$350,000 Community Development Block Grant Award from the Department of Economic Development.

The funds are designed to help Nebraska communities improve tourist attractions, to enable severely disabled persons and the elderly accessibility to the attraction's buildings and grounds.

The sponsor beneficiary is the Brownville Concert Series. The concert series is a program of the Brownville Fine Arts Association. \$109,000 in matching funds are required.

The renovation of the Brownville Concert Hall is to bring the facility into compliance with the Americans with Disability Act regulations and structural improvements.

Major improvements are to include roof replacement and foundation stabilization along with accessible restrooms, lobby, concessions, entrances and an elevator.
