

Pawnee City Council hears project updates

(KLZA)-- Pawnee City Mayor Charlie Hatfield updated City Council members on the swimming pool project during the July 23rd Council meeting.

The Mayor said he had spoken with a representative of Prochaska & Associates about the warranty on the pool liner. Hatfield wanted to know if problems with the caulking would affect the warranty on the liner which he was told it would have no effect.

The Mayor asked for that in writing and for the Prochaska group to have representatives with Premier Pool & Spas present for the final pool meeting which will be held this month.

In other business City Councilman Ric Helms reported the street overlay project in Pawnee Cit is off to a good start despite some mechanical issues that had arisen.

The Council also voted to remove a STOP sign on “P” Street northbound just before 5th Street. Helms said this would be a hazard in the winter time for those hauling cattle.

A resolution to have the sign put back up will need to be approved at the next Council meeting.
