

Term sheet, site map released for wind farm

**(KMZA)--A revised term sheet for a proposed 300 megawatt wind farm in southern Nemaha County has been released.**

**The document was released Tuesday following months of negotiations between the Nemaha County Commission and NextEra Energy Resources along with two public meetings in April.**

**Following an executive session Monday with special attorney James Neeld, Commission Chairman Gary Scoby announced that an agreement had been reached.**

**The term sheet sets out the rules and regulations for the Soldier Creek Wind Farm. A map showing the location of 120 primary turbine sites and 12 alternate sites is included with the term sheet.**

**A more detailed site map will be displayed at the Courthouse in the coming days. A digital copy of the detailed site map will be made available upon request of either the Nemaha County Attorney or Nemaha County Clerk.**

**The term sheet and site map can be viewed on the county [web site](#).**

**The Commission will consider approval of the term sheet during a meeting on Wednesday, July 31. The meeting will be held at 9:00 that morning at the Nemaha County Community Building in Seneca.**
