

Drug arrest follows 2018 investigation

(KAIR)--A drug investigation, dating back to last year, sends a Kansas City, Kansas man to jail.

32-year-old Bryce Berry was arrested December 21 in the 200 block of Atchison's Main Street by an Atchison County Sheriff's Deputy.

According to Atchison County Undersheriff Toby Smith, Berry was taken into custody on two outstanding Atchison County District Court warrants for possession of methamphetamine, possession of drug paraphernalia, and failure to appear.

Smith, in a release, said Berry's arrest follows an investigation conducted by the Sheriff's Office in March, 2018.

Following his arrest, Berry was booked into the Atchison County Jail.
