CMC restricting visitors

**(KLZA)--Community Medical Center in Falls City is restricting visitors to the hospital.**

**Due to the amount of flu in the area, the hospital has put the restrictions in place to help keep the flu under control.**

**No children under 12 are to visit unless they are at the hospital for care.**

**You are asked to limit healthy visitors to one to two people per patient.**

**You should not visit the hospital if you have flu-like symptoms such as fever, chills, cough, runny nose, diarrhea, vomiting or respiratory symptoms.**

**If you have questions, please call Community Medical Center at 402-245-2428 and ask to speak to the nurses station. You may also contact your primary healthcare provider with questions.**
