First coronavirus case confirmed in Nemaha Co Neb

(KLZA)-- The Southeast District Health Department has confirmed the first positive case of coronavirus disease within the district.

The person is a man in his 60's who lives in Nemaha County, Nebraska. He recently retruned from travel to Vail, Colorado. He is experiencing mild symptoms of COVID-19 and is currently self-isolated.

Contact investigations are in progress. The Southeast District Health Department with the assistance of the Nebraska Department of Health and Human Services, is working to assess the risk for potential exposures.

All identified close contacts will be asked to self-quarantine and be actively monitored by public health officials for fever and respiratory symptoms.
