Governor Kelly has declared a state of emergency in Kansas in response to the virus, including specific recommendations and guidelines. It is important that individuals, as well as local institutions, stay up to date on developments as much possible. Public health agencies provide guidance, including the Centers for Disease Control and Prevention (CDC), the Kansas Department of Health Environment (KDHE), and the Doniphan County Health Department. Alternative arrangements will be made for KORA (open records) requests that cannot be handled via electronic communication. Emergency access can be granted upon request, with normal protocols being followed to avoid transmission of the virus.**

***Municipal Court* - Municipal Court will adjust its normal schedule in response to current developments. The April 6, 2020 and April 20, 2020 court dates have**
